NEW OR CHANGED SERVICE—Application should be made at the office of the Company, but if it is not convenient for you to call an application will be mailed upon your request. All service requests accepted subject to Government regulations.

BILLS FOR SERVICE are payable one month in advance and if not paid by the fifteenth of the current month service is subject to disconnection without further notice. For the convenience of our customers, arrangements have been made whereby bills may be paid at the La Habra Branch and Puente Branch of the Bank of America, and the Neeley Electric Co., Inc., Pico, if not convenient to pay at the office of our Company or by mail to 135 N. Bright Avenue, Whittier.

Information regarding bills or rates for local service may be obtained by dialing 43-681.

RULES, REGULATIONS AND TARIFFS—Copies of our Rules and Regulations and Schedules of Rates are available for public inspection at our Business Office.

NUMBER CHANGES—The Telephone Company reserves the right to, and may at its discretion, change the subscriber's telephone number.

ATTACHMENTS TO DIRECTORIES AND TELEPHONES

—Devices claimed to supplant the directory or eliminate noise, destroy germs or increase transmission, generally interfere with satisfactory service. No apparatus other than that furnished by the Telephone Company should be attached to the telephones, lines or directories.

INSTRUCTIONS FOR USING AUTOMATIC TELEPHONES

—Obtain the correct number from the latest directory or from the information operator by dialing 493. Remove the receiver from the hook and listen on the line before you start to dial. If the line is not in use you should hear the dial tone (a steady humming sound). Keep the receiver off while dialing. Place your finger firmly in the hole in the dial through which the first figure of the desired number is seen. Pull the dial around until your finger strikes the finger stop. Then remove your finger and allow the dial to return to its normal position. Each figure must be dialed in its consecutive order to obtain the desired number. If you make an error before you have completed the entire series of figures, hang the receiver on the hook for a few seconds. Then take off the receiver and dial the entire number again.

TO CALL A PARTY ON YOUR OWN LINE—If you are on a party line you cannot call another party on the same line by dialing the listed telephone number. You must dial a "ring-back" number.

If you get a "busy signal" on several attempts to reach a party living near you, dial Repair Service 492 and ask the operator if the number you are calling is on your line.

If the number you are calling is on your line the operator will give you the "ring-back" number.

After dialing the "ring-back" number hang up your receiver. Your bell and the called party's bell will ring alternately. When the called party answers, your bell will stop ringing. Then remove the receiver and talk. If the called party does not answer, remove the receiver from the hook to stop the ringing and again hang up the receiver to break the connection.

TO IMPROVE YOUR TELEPHONE SERVICE—It is recommended that the calling subscriber wait for at least five rings before deciding that the called party will not answer. A number of our subscribers state they are unable to reach the telephone promptly and find the calling party has hung up the receiver. The result is a disappointment to both parties.

TIME SERVICE—To secure the time of day, dial 494. The dialing of this number operates a set of chimes connected to a master clock. The number of strokes on the low pitch chime indicates the hour, the medium chime the ten-minute intervals and the high pitch the unit of minutes. For example: 9:32 you will hear nine low pitch chimes, three medium and two high pitch chimes. 9:03 will be indicated by nine low pitched tones, a buzz and three high pitched tones, the buzz indicating the zero.

CALLING FOLKS

in other towns is as easy as calling local numbers

STATION-TO-STATION CALLS

Calls to Nearby Points are handled by your local operator.

Station-to-Station Calls to many nearby points will be accepted by your local operator when placed by number.

for example: "Riverside 5801."

If you do not know the telephone number, Information will help you.

To place calls to more distant points, ask for Long Distance. Then tell the operator:

The city or town you want.

The out-of-town telephone number, if you have it, or the name under which it is listed.

for example: "San Diego—Jackson 2121."

Or if you do not know the telephone number: "San Diego, Anyone at John Doe's residence, 34 Blank Street."

These are Station-to-Station Calls because you have not asked to speak to a particular person at the distant telephone.

PERSON-TO-PERSON CALLS

When you want to reach a particular person ask for Long Distance. Then tell the operator:

The city or town you want.

The out-of-town telephone number, if you have it, or the name under which it is listed, and the name of the person you want.

for example: "San Diego—Jackson 2121, Mr. Doe."

Or if you do not know the telephone number: "San Diego, John Doe at his residence, 34 Blank Street."

(If you desire connection with a particular station of a Private Branch Exchange, without specifying a particular person, this is also classified as a Person-to-Person Call.)

OTHER LONG DISTANCE SERVICE

APPOINTMENT CALLS

Appointment Calls are Person-to-Person Calls on which you wish arrangements made in advance with the called station or person to talk at a specified time.

MESSENGER CALLS

Messenger Calls are Person-to-Person Calls requiring the use of a MESSENGER to secure attendance of a designated person at a telephone at the called place.

COLLECT CALLS

Upon request, the charges on calls to most points within the Continental United States, and to Alaska, Canada, and to certain Overseas

points may be collected at the called station as follows:

* **STATION-TO-STATION CALLS** — At the station-to-station rate, when the initial period rate is 25c or more, provided anyone answering at the called station accepts the charge. When the initial period rate is 20c, a special collect rate of 25c applies. If the initial period rate is less than 20c, the corresponding person-to-person classification and rate applies, provided this service is available.

PERSON-TO-PERSON, APPOINTMENT, AND MESSENGER CALLS—At regular rates applying to these calls, provided the called party accepts the charge.

If your telephone number starts with the prefix shown below:	You may call without toll charge, from extended service telephones , telephone numbers which start with the prefixes shown below:	You may call without toll charge, from Local Service Telephones , telephone numbers which start with the prefixes shown below:
WHITTIER *	†Atlantic †Union †Budlong †Topaz †Covina †Torrey	Whittier

HOW TO PLACE CALLS:

Dial all telephone number prefixes that you may call without toll charge, except those preceded by †.

Place with the operator all other calls.

ATTENTION:

Please Watch the holding time on the calls you make. Remember that while talking on a social call a more important call cannot make a connection with you.

ERRORS

Every effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of its directories.

TELEGRAMS

TELEGRAMS, CABLEGRAMS AND RADIOGRAMS MAY NOW BE SENT VIA WESTERN UNION AND THE CHARGES BILLED TO YOUR TELEPHONE.

To send telegrams, cablegrams and radiograms from your telephone dial Western Union as listed. Note the instructions under the listings of the Western Union Telegraph Company in the Alphabetical Section relative to placing messages when telegraph offices are closed.

The charges on messages filed by telephone will be billed by the Telephone Company on its bill for telephone services. If such messages are sent from a public telephone the charge will be collected at the time the message is sent.

Modernize Your Home!

No home is modern without conveni-
ent telephone service. An additional
telephone saves steps and time and
enables you to answer your friends
more promptly. Many people do not
wait a sufficient length of time for
you to get to your telephone in a dis-
tant part of the house.

Personal Telephone List

This image shows a single sheet of off-white or light beige paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are some small, dark specks scattered across the surface, likely due to the paper's texture or scanning artifacts. The paper appears to be a standard notebook page.
